The procurement method is Competitive Sealed Proposals. The text of the Policies and Procedures is available at http://www.usmd.edu/regents/bylaws/SectionVIII/VIII300.html.

4. Pre-Proposal Conference.

A Pre-Proposal Conference will be held in accordance with the Solicitation Schedule to clarify the requirements of this solicitation. The Technical Proposal on the CD/flash drive must be compiled as one (1) document in Microsoft Word/Excel for ease of use by UMUC. Note: No pricing is to be provided in the Technical Proposal submittal. If any pricing information is included, the Proposal may be deemed non-responsive by the Procurement Officer.

5.2. The Price Proposal is to be provided to the Issuing Office in accordance with the Solicitation Schedule. _No pricing is to be provided in the Technical Proposal submittal. Therefore, the Price Proposal MUST be sealed separately from the Technical Proposal. The Price Proposal envelope must be clearly labeled with “Price Proposal” and the RFP number and name. Failure to provide the Price Proposal separately may disqualify the Offeror’s Proposal from progressing in the procurement._

5.3. Late Proposal submissions will not be accepted. The University will not waive delay in delivery resulting from need to transport a Proposal from another campus location, or error or delay on the part of the carrier.

Directions to the UMUC Issuing Office can be found at the website [http://www.umuc.edu/visitors/locations/adelphi_building.cfm](http://www.umuc.edu/visitors/locations/adelphi_building.cfm).

6. **Acceptance of Terms and Conditions.**

By submitting a Proposal, an Offeror shall be deemed to have accepted the terms, conditions, and requirements set forth in this RFP. The RFP including all addenda in total shall be incorporated into the Contract by reference.

7. **Contractual Agreement and Term.**

It is intended that one contract will result from this Solicitation.

Any Contract arising from this RFP action shall commence on the date the Contract is executed on behalf of UMUC, or such other date as UMUC and the Contractor shall agree. The initial term of the Contract is anticipated to start on or around July 1, 2014 and continue through June 30, 2019. There will be five (5) one (1)-year renewal options at the sole discretion of UMUC.

SECTION II. SCOPE OF WORK

1. **Purpose/Description.**

University of Maryland University College (UMUC) is seeking qualified firms to submit a proposal for a full-service, in-house mail handling operation. The proposals shall provide an effective solution to the mail handling process for all UMUC locations. The selected firm will work with the Facilities Management Office to implement the Services. It is likely that UMUC will expand, acquire additional building space, and make departmental changes. It is expected that the contractor will have the capacity to maintain and grow with expanded operations.

UMUC headquarters is located in Adelphi, Maryland at the intersection of Adelphi Road and University Boulevard. All United States Postal Service (“USPS®®”) incoming mail is delivered to the Adelphi location. The headquarters consists of the Conference Center, Hotel, the Administration Building, and a five level parking garage. It is anticipated that additional building(s) will be added during the course of the contract.

**Scope of Work.**

Provide timely, efficient, and professional, in-house mail operation services to include, but not be limited to, receiving and delivery of USPS® domestic and international mail, bulk packages, express mail, Business Reply Mail® (“BRM”), postage due, and UMUC interdepartmental mail. The contractor will work with UMUC to establish and implement pickup and delivery schedules for both incoming and outgoing mail that will optimize processing time and best serve the needs of UMUC. There are approximately fifty-five (55) internal (to UMUC) mail stops performed daily to sixty (60) departments located within four (4) UMUC buildings. UMUC is seeking proposals that demonstrate a solution in providing the required services in an efficient and price conscious manner.

Other external scheduled delivery and/or pick-ups will be required for approximately six (6) additional sites within the local Maryland area. These include post offices and buildings on the University of Maryland College Park (“UMCP”) campus. For example, staff paychecks are picked up from UMCP every other week and international mail is delivered to a local post office twice a week. There is an occasional need to travel to Washington, D.C. and areas in Virginia.

Services are to be provided daily from each of the two fully-operational mailrooms and shall be staffed Monday through Friday from 8:00am to 4:30pm. The UMUC mail staff will interact directly with the United States Post Service (USPS) on a daily basis. If in the course of the contract, there is a significant increase or decrease in the schedule, the contract may be amended.

The contractor is to provide no more than four (4) staff and one (1) vehicle to process in-house mail delivery and pick-up, process monthly reports, and maintain the meter equipment. Contractor is responsible for providing an employee to cover for assigned staff when they are out on vacation.
Your technical response is to describe in detail how you propose to provide the services as outlined.

Your response is to also include an alternate proposal for another scenario/method for processing UMUC mail.

If necessary, a transition period will be implemented to transition from the current contractor to the new contractor.

3. Mailroom Operation Requirements:

Work Week

Staff working hours are Monday through Friday 8:00am-4:30pm. Staff will follow the holidays designated on the UMUC Holiday calendar (Refer to Appendix H) with the exception for the days following Christmas Day. A staff member will be required to come in for two (2) hours on the four (4) days following Christmas to process mail for the departments that are working during this time.

Delivery and Receiving

The contractor shall be responsible for receiving, sorting, bundling and delivering all mail. Mail handled will consist of, but not limited to, confidential student transcripts, cash, checks, paychecks, and international mail. The majority of all incoming mail from USPS® is delivered to the Adelphi mailroom.

The UMUC Adelphi mailroom receives all incoming USPS® mail from the Southern Maryland bulk mail center. The contractor is responsible for preparing all outgoing USPS® mail in order for the Southern Maryland bulk center staff to pick-up and process. USPS® collects outgoing mail at both the Adelphi and Largo mailroom locations. There may be a need for handling and delivery of locked cash bags. The contents will consist of minimal amounts of checks and/or cash. The Contractor must show evidence of adequate insurance coverage and will be responsible in case of theft or loss of cash.

All USPS® accountable mail, (certified, registered, and international mail requiring delivery receipts), is currently located at the Calvert, Maryland post office for pick-up purposes only. Mail delivery is not accepted at this location. All USPS® supplies are available at this location.

The contractor will deliver international mail twice a week to the Langley Park, Maryland post office. The volume of international mail varies depending on the academic schedule for UMUC. Currently, mailroom staff delivers anywhere from two (2) pieces to over one hundred (100) pieces to the post office per trip. The volume is expected to increase as student enrollment rises.

Loss Mitigation
The contractor shall protect all mail from theft, loss or damage from time of receipt until final delivery. This will include safety measures to protect all staff from mail related threats. Your technical proposal is to include proposed emergency response solutions.

Supply Management

The contractor shall monitor and stock all supplies, both office and USPS®, to properly manage both mailrooms. Contractor will be responsible for maintaining and purchasing approved office supplies. Contractor shall be responsible for ordering and stocking USPS® regulated items (both purchased and free) and other mail handling supplies such as ink cartridges and mailing tapes. All supplies must be adequately stocked and available to the contractor and UMUC staff at all times. Contractor will be reimbursed for pre-approved supplies needed for the mail equipment (ink cartridges, etc.).

Bulk Processing

The contractor shall have experience with processing high volume bulk mailings in an efficient and economical way. The contractor shall have in-depth knowledge of USPS® mail metering processes as well as experience with various mail handling equipment, to include both the operation and maintenance of the machines. As an example, the current contractor was recently responsible for updating the mail handling equipment due to the latest USPS® increase in postage stamp fees. The resume of the contractor’s project manager must reflect extensive experience with meter mail handling similar to UMUC’s requirements. Currently, UMUC’s Project Coordinator and Finance Office work directly with the contractor to monitor a postage account for fund reimbursement to the mail metering equipment.

Escrow Account

In the future, UMUC may establish an escrow account with the Contractor for the sole purpose of expediting payment of authorized postage fees. Expenditures from these account(s) will be restricted to approved payments and no others. Contractor shall establish, control, and maintain these UMUC funds at or near the original funding level through expeditious handling of payment documents and fund reimbursement invoices. In addition, Contractor shall provide a monthly Statement by the first of each month reflecting the current status of the accounts to UMUC’s Project Coordinator with a copy to UMUC’s Comptroller. Upon termination of the contract or earlier, the balance of the fund remaining in the escrow account will be returned to University of Maryland University College.

Mail Operations Management
The assigned Project Manager shall:

- Be on-site daily and dedicated solely to UMUC
- Be responsible for the oversight of UMUC mail operations
- Be available at all times for direct communications
- Carry and be financially responsible for a cell phone
- Have extensive experience and knowledge of all mail handling operations and equipment, including mail franking, and stay current with all USPS® regulations and updates
- Develop and maintain a Standard Operating Procedures (SOP) manual that will remain with UMUC after contract expiration
- Cross train all contracted staff
- Evaluate and recommend cost-effective methods of reducing mailing costs while maintaining high service levels
- Have effective verbal and written skills
- Perform other duties as requested, including filling in when an employee is out

**Uniforms and Vehicles**

All contracted staff will be required to wear standardized uniforms and name badges. Jackets and shirts will have UMUC’s approved logo. Artwork will be provided at time of award. A description and pictures of proposed clothing shall be provided in the technical proposal.

The contractor is responsible for providing and maintaining an insured vehicle for performing all job duties. This vehicle will be solely assigned to UMUC’s contract and remain onsite. Contractor is responsible for providing a replacement vehicle at no charge if the assigned vehicle is out due to maintenance, etc. Drivers are to be easily available for communications at all times. Free daily parking, including overnight parking for the contracted vehicle, will be available at both UMUC mailroom sites for personal staff vehicles as well as the assigned contract vehicle.

UMUC's official logo as well as the contractor's logo must be displayed on the assigned vehicle. Your technical proposal is to provide a description and picture of the proposed vehicle. Your description is to include the make and model of the vehicle, the year, mileage, and number of total vehicles in your fleet. If in the course of the contract, there is a significant increase or decrease in fuel fees, UMUC will review and determine if an amendment to the contract is feasible.

Mileage for the contracted vehicle will not be reimbursed. The contractor will solely assume all liability related to the use of personal vehicles.

Any moving or parking violation (speeding, red-light photos, parking, etc..) while providing official UMUC services will not be reimbursed by UMUC.

**Reporting**
Contractor will be required to generate reports for UMUC’s designated Project Coordinator as well as UMUC’s Finance department. Examples of reports include reimbursement for postage meters, monthly mail volume statistics reports, monthly reports for Business Reply Mail® (“BRM”), and Postage Due reports. Currently, PeopleSoft is the financial management system in place at UMUC. Your technical proposal is to provide samples and descriptions of reports currently used.

**Reimbursables**

It is desirable that the contractor be solely responsible for the contracting, monitoring and payment of all routine maintenance required for the Hasler equipment. As well, the contractor is responsible for the payment of USPS® rental fees for the mail meter. These items will be reimbursed on a monthly basis with appropriate documentation. Mileage will not be reimbursed.

**UMUC Equipment**

UMUC owns the following mailroom equipment. The equipment is approximately six (6) years old. It is expected that the contractor will suggest new equipment and software upgrades for continued effective mail operations.

For accounting purposes only, UMUC will also issue a purchase order to the awarded Contractor.

Offerors may modify their Technical Proposals by e-mail or facsimile communication at any time prior to the due date and time, provided that the Issuing Office is satisfied that a written confirmation of the modification with the signature of the Offeror was mailed prior to the Proposal due date and time. Technical Proposals may not be modified, supplemented, cured, or changed in any way after the due date and time, unless specifically requested by the University.
SECTION III. PROCUREMENT PHASES  
AND EVALUATION PROCESS

ARTICLE 2. TECHNICAL EVALUATION PROCESS

1. Qualifying Proposals.

1.1 Procurement Officer Review: The Procurement Officer shall first review each Technical Proposal for compliance with the mandatory requirements of this RFP (i.e., susceptibility of award). Failure to comply with any mandatory requirement will normally disqualify a Proposal. The University reserves the right to waive a mandatory requirement when it is in its best interest to do so and when permitted by law.

1.2 Evaluation and Selection Committee: All Qualifying Proposals will be reviewed by a UMUC Evaluation and Selection Committee (the “Committee”) established by the Procurement Officer. As the procurement progresses, the Committee may seek input from other appropriate UMUC staff or request additional technical assistance from any other source.

2.1 Initial Technical Evaluation: Following the Procurement Officer’s qualifying review, the Committee shall conduct its evaluation of the technical merit of the Proposals in accordance with the Evaluation Criteria listed in Article 1, § 2, above. Minor irregularities contained in Proposals, which are immaterial or inconsequential in nature, may be waived wherever it is determined to be in the University’s best interest and when permitted by law. The decision for progressing in the procurement process will be made based on the strengths, weaknesses, advantages, and deficiencies that the Technical Proposals represent.

2.2 Shortlisting: In accordance with the Evaluation Criteria set forth in Article 1, § 2, a shortlist may be developed based on the Initial Technical Evaluation results. All Offerors will be notified of the results as they pertain to their respective Technical Proposal.

3.1 Purpose: Based on the Evaluation Committee’s Initial Technical Evaluation, the University may invite, without cost to itself, the shortlisted Offerors to an oral presentation/discussion session (“Discussion Session”). The purposes of the Discussion Session are as follows:
To provide the Offeror the opportunity to demonstrate its product;

(ii) To discuss/clarify any and all aspects of the Technical Proposal, in particular the proposed product, cost model options, approach/methodologies, implementation process, schedule, staffing of the contract, and ongoing support of the product and other applicable professional services;

(iii) To allow the University to meet the Offeror's key personnel and for these personnel to convey directly their experience and expertise in the proposed product and its implementation; and,

(iv) To provide an opportunity to clarify the scope of services for the intended contract and discuss any items addressed in the Technical Proposal that may require additional clarification.

3.2 Format: The Discussion Session will be informal, as the University is not interested in a sales presentation by executives and business development staff; rather, the University is requesting an interactive discussion with each of the shortlisted Offerors. It is important that those key personnel who are proposed to be assigned to the University fully participate in the presentation and discussion. Ample time will be available for the University and the Offeror to ask questions and discuss issues and concerns related to the scope of the services, and the Offeror’s capabilities and qualifications. We anticipate that the Discussion Session will be approximately 60 minutes in length.

Each shortlisted Offeror will be required to have the following key personnel attend the session in Adelphi, Maryland: Principal in Charge, UMUC’s Account Representative (Primary point of contact to be assigned to UMUC for the duration of the project) and if known, Project Manager. Following the Discussion Session, additional follow-up, clarification documentation may be requested of each Offeror.

3.3 Date: The times and dates for the Discussion Session(s) will be set upon completion of the Initial Technical Evaluation; however, it is anticipated that the Discussion Session(s) will be held on the dates listed per the Solicitation.

4.1 Criteria: Following the Discussion Session held with shortlisted Offerors, a Second Phase Technical Evaluation will be conducted. The Evaluation Committee will re-evaluate all criteria of the Technical Proposals of shortlisted Offerors, incorporating assessments of the Discussion Session and outcomes of reference checks. The University reserves the right to make a determination that an Offeror is not shortlisted prior to completing reference checks. The order of Evaluation Criteria remains the same.

4.2 Process: Further shortlists may result as the procurement progresses. At each phase of the process, those firms that do not remain shortlisted will not progress in the procurement. All Offerors will be notified of the results of the Technical Evaluation as
they pertain to their respective Technical Proposals. It is UMUC’s intent to incorporate references prior to establishing the final shortlist of proposals. Once a final shortlist of proposals is established, the Committee will rank the remaining Technical Proposals from highest to lowest.
SECTION III. PROCUREMENT PHASES AND EVALUATION PROCESS

ARTICLE 3. PRICE PROPOSALS

1. Submission.
   Price Proposals must be received at the Issuing Office by the specified due date and time per the Solicitation Schedule. If applicable, all Offerors must use the Price Proposal form included in Appendix B. One (1) original and two (2) copies (for a total of three (3)), as well as a CD or flash drive, must be provided. The original must be clearly labeled as this is the official Offer from the Proposer. No electronic, telephone, telegraphic, or facsimile Price Proposals will be accepted. Only the Price Proposals of those Offerors remaining on the final shortlist following the completion of the Technical Evaluation will be opened, which will be done privately.

2. Content.
   The Price Proposal should consist of quoting position and fully-loaded rates for all personnel, vehicles, and all other items that makeup the monthly fees. The Price Proposal will list the monthly fees and a total yearly fee for Year 1, Year 2, Year 3, Year 4 and Year 5. As well, a total fee for the initial five (5)-year term is to be provided.

   Hourly rates will be requested for the assigned personnel and other professional services positions. These quoted hourly rates must be effective for the initial term of the Contract. The University will consider adjustments to labor rates only based upon Federal minimum wage increases, increases in Maryland Living Wage, and increases in the Consumer Price Index (CPI), as published by the Bureau of Labor Standards in February of the appropriate year (i.e., for 7/1/14 renewal the University will look at the CPI published for February 2014, and so on). Requested increases above a 5% cap will not be considered. In order to receive consideration for a price increase, the Contractor must submit a request in writing to the UMUC Procurement Office sixty (60) days prior to the end of the initial term. The request must specify any change in the hourly labor rate wage to be paid to employees during the renewal term. The University will not consider late requests for adjustments to the hourly rate. Increases that are cumulative for prior years will not be considered; for example, if the Contractor does not request an increase for the first renewal year and then requests an increase for the second renewal year, the Contractor cannot include a cumulative amount which includes the first renewal year.

   Upon approval by the University, any such modified hourly rate will constitute the labor cost figure for the contract renewal period. The University reserves the right to terminate the Contract at any time upon giving thirty (30) days written notice.

   There may be reimbursables associated with this contract. Examples of reimbursables are supplies and maintenance for all mail handling equipment and USPS® supplies.
3. **Evaluation.**
Price Proposals will be evaluated based on the total cost of the services and products requested above. The University may elect to request Best and Final Price Proposals (BAFO’s).

The Committee will establish a financial ranking of the final Price Proposals from lowest to highest total offers.
SECTION III. PROCUREMENT PHASES AND EVALUATION PROCESS

ARTICLE 4. FINAL EVALUATION, RANKING AND SELECTION

1. Recommendation of Award or Further Discussions.
The Committee may recommend an Offeror for contract award(s) based upon the Offeror’s Technical Proposal and Price Proposal without further discussion. However, should the Committee find that further discussion would benefit the University and the State of Maryland, the Committee may recommend such discussions to the Procurement Officer. Should the Procurement Officer determine that further discussion would be in the best interest of the University and the State, the Procurement Officer shall establish procedures and schedules for conducting discussions and will notify responsible Offerors.

2. Final Ranking and Selection.

2.1 Process: Following evaluation of the Technical Proposals and the Price Proposals (and Best and Final Offers, if applicable), the Evaluation and Selection Committee will make an initial overall ranking of the Proposals and recommend to the Procurement Officer the award of the contract(s) to the Offeror whose Proposal(s) is (are) determined to be the most advantageous to the University and the State of Maryland. The decision of the award(s) of the Contract will be made at the discretion of the Procurement Officer and will depend on the facts and circumstances of the procurement. All Offerors will be notified of the award(s) selection.

2.2 Basis for Award: Technical merit will have a greater weight than cost in the final ranking. Award may be made to the Offeror with a higher technical ranking even if its Price Proposal is not the lowest. The Procurement Officer retains the discretion to examine all factors to determine the award of the contract. The goal is to contract with the Offeror(s) that would best meet the needs of the University as set forth in the RFP.

2.3 Negotiations: The University may select for award one or more Offeror(s) to negotiate the terms and conditions of the Contract. The University reserves the right to make an award with or without negotiation.

3. Debriefing.

3.1 Request: Unsuccessful Offerors may request a debriefing. A request must be submitted in writing to the Procurement Officer within ten (10) days after the date on which Offeror knows, or should have known, that its Proposal was unsuccessful. Debriefings shall be conducted at the earliest feasible time.
3.2 **Discussion:** Debriefings shall be limited to discussion of the Offeror’s Proposal only and shall not include a discussion of a competing Offeror’s Proposal. The debriefing may include information on areas in which the unsuccessful Offeror’s Proposal was deemed weak or insufficient. The debriefing may not include discussion or dissemination of the thoughts, notes, or ranking from an individual Evaluation Committee Member. A summary of the Procurement Officer’s rationale for the selection may be given.

The Contractor is permitted, subject to its obligations of confidentiality, to retain one copy of the Work for archival purposes and to defend its work product.

4.3 Notwithstanding the terms of Paragraph 4.2, Contractor is permitted to retain all rights to the intellectual capital (including without limitation, ideas, methodologies, processes, inventions and tools) developed or possessed by the Contractor prior to, or acquired during, the performance of the Services under this Contract.

4.4 Contractor and University intend this Contract to be a contract for services and each considers the Work to be a work made for hire. If for any reasons the Work would not be considered a work made for hire under applicable law, Contractor does hereby sell, assign and transfer to University, its successors, assigns, the entire right, title and interest in and to the copyright and any registrations and copyright applications relating thereto and renewals and extensions thereof, and in and to all works based upon, derived from or incorporating the Work, and in and to all income, royalties damages, claims and payments now or hereafter due or payable with respect thereto, and in and to all causes of
action, either in law or equity for past, present, or future infringement based on the copyrights, and in and to all rights corresponding to the foregoing throughout the world.

4.5 Contractor agrees to execute all documents and to perform such other proper acts as University may deem necessary to secure for University the rights in the Work.

4.6 In the event of loss of any data or records necessary for the performance of this Contract where such loss is due to the error or negligence of the Contractor, the Contractor shall be responsible, irrespective of cost to the Contractor, for recreating such lost data or records.

5. DELIVERY, EVALUATION AND ACCEPTANCE

5.1 Delivery shall be made in accordance with the solicitation specifications or this Contract, whichever is applicable. The University, in its sole discretion, may extend the time of performance for excusable delays due to unforeseeable causes beyond the Contractor's control. The University unilaterally may order in writing the suspension, delay, or interruption of performance hereunder. The University reserves the right to test any materials, equipment, supplies, or services delivered to determine if the specifications have been met. The Contractor agrees to perform the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrance, from any cause whatsoever, during the progress of any portion of the work specified in this Contract.

5.2 Contractor should provide written notice of Deliverable to designated UMUC POC stating the Deliverable is completed and stating the response date required. The University will have thirty (30) business days in which to respond, unless a different response period is specified in UMUC’s solicitation or this Contract. Upon completion and delivery of each deliverable by Contractor, UMUC will begin the evaluation and acceptance process, which shall include, but not be limited to, the steps described below. Payments, in accordance with Section 3 of this Contract will be based on the completion/delivery of a deliverable by Contractor and acceptance by UMUC of each deliverable. Contractor will demonstrate to UMUC that the deliverable has been completed or has occurred and will provide UMUC with written notice of the same.

5.3 Within the time period specified above in 5.2, UMUC shall determine whether such deliverable Materially Conforms to the specifications defined in the Contract. As used herein, the term "Materially Conforms" means that the deliverable is ready to be used in production and meets or exceeds its intended functionality and performance. If the deliverable Materially Conforms to the specifications, then UMUC will provide written confirmation to Contractor that the deliverable is accepted.

5.4 If the deliverable does not Materially Conform, UMUC shall immediately return it to Contractor with a written list of deficiencies. Contractor, at no additional cost to UMUC, shall thereafter make all appropriate and necessary fixes to the deliverable and return it to UMUC within the time period specified, or if not specified, then within ten (10) business days for further testing by UMUC. If the deliverable again fails to Materially Conform
then this same process will be repeated one more time. If the deliverable fails to Materially Conform to the specifications after delivery for the second time then UMUC may, at its sole discretion, (a) further extend the timeframe for cure and (b) extend the warranty period, if applicable, or (c) begin the termination process as defined in Section 10.1 of this Contract. If UMUC does not elect to terminate this Contract after the second failure, it has not automatically waived its right to do so following any additional failed attempt at correction by Contractor to which the Parties may agree.

5.5 UMUC will make payments only for Materially Conforming Deliverables that have been accepted by UMUC in accordance with this Section 5. Refer to Section 10.10 for Dispute Resolution process to be followed in the event the Contractor and UMUC do not agree on the acceptability of a Deliverable.

5.6 If either Party fails to meet the testing period described above, or any other periods of time as mutually agreed to, the other Party may declare the Contract in material breach and begin the termination process as defined in Section 10.1 of this Contract.

6. INTELLECTUAL PROPERTY

6.1 Neither Party may use the other Party’s name, trademarks or other proprietary identifying symbols without the prior written approval of the other Party.

6.2 Contractor agrees to defend upon request and indemnify and hold harmless UMUC, its officers, agents and employees with respect to any claim, action, cost or judgment for patent infringement, or trademark or copyright violation arising out of purchase or use of materials, software, supplies, equipment or services under this Contract.

7. CONFIDENTIAL INFORMATION

7.1 Contractor acknowledges and understands that in connection with this Contract, the performance of the Services and otherwise, Contractor has had or shall have access to, has obtained or shall obtain, or has been or shall be given the University’s Confidential Information (as defined herein). For purposes of this Contract, “Confidential Information” means all information provided by the University to Contractor, including without limitation information concerning the University’s business strategies, political and legislative affairs, students, employees, vendors, contractors, student records, customer lists, finances, properties, methods of operation, computer and telecommunications systems, and software and documentation. Confidential Information includes information in any and all formats and media, including without limitation oral, and includes the originals and any and all copies and derivatives of such information.

7.2 Contractor shall use the Confidential Information only if and when required for the performance of the Services, and for no other purpose whatsoever, and only by Contractor employees engaged in that performance.
7.3 Contractor shall not, in any manner whatsoever, disclose, permit access to, or allow use of Confidential Information to any person or entity except as specifically permitted or required under this Contract.

7.4 Contractor acknowledges and understands that UMUC is required to protect certain Confidential Information from disclosure under applicable law, including but not limited to, the Family Educational Rights and Privacy Act ("FERPA"), the Gramm Leach Bliley Act ("GLBA"), or the Maryland Public Information Act ("PIA"), including regulations promulgated thereunder, as the laws and regulations may be amended from time to time (collectively, the “Privacy Laws”). The Confidential Information that is protected under FERPA was provided to the Contractor as it is handling an institution service or function that would ordinarily be performed by UMUC’s employees. The Contractor agrees that it shall be obligated to protect the Confidential Information in its possession or control in accordance with the Privacy Laws to the same extent as UMUC would be obligated if the Confidential Information was in the possession or control of UMUC. The Contractor further agrees that it is subject to the requirements governing the use and redisclosure of personally identifiable information from education records as provided in FERPA.

7.5 Contractor may disclose Confidential Information as required by legal process. If Contractor is required by legal process to disclose Confidential Information, Contractor shall immediately notify the University, and before disclosing such information shall allow UMUC reasonable time to take appropriate legal action to prevent disclosure of the Confidential Information.

7.6 Contractor’s obligations with respect to Confidential Information shall survive the expiration or the termination of this Contract.

7.7 Contractor acknowledges that Contractor’s failure to comply fully with the restrictions placed upon use, disclosure and access to Confidential Information may cause the University grievous irreparable harm and injury. Therefore, any failure to comply with the requirements of this Article 7 shall be a material breach of this Contract.

7.8 Contractor agrees and acknowledges that it is not the custodian of any Confidential Information that may be in Contractor’s possession or control. Contractor shall forward any request for disclosure of Confidential Information to:

Office of Legal Affairs
University of Maryland University College
3501 University Boulevard East

7.9 Except to the extent otherwise required by applicable law or professional standards, the obligations under this section do not apply to information that (a) is or becomes generally known to the public, other than as a result of disclosure by Contractor, (b) had been previously possessed by Contractor without restriction against disclosure at the time of receipt by Contractor, (c) was independently developed by Contractor without violation
of this Contract, or (d) Contractor and the University agree in writing to disclose. Contractor shall be deemed to have met its nondisclosure obligations under this section as long as it exercises the same level of care to protect the Confidential Information as it exercises to protect its own confidential information, except to the extent that applicable law or professional standards impose a higher requirement.

7.10 All Confidential Information received by Contractor shall be returned to the University or destroyed upon completion or termination of this Contract.

8. **RELATIONSHIP OF THE PARTIES**

8.1 Nothing in this Contract shall be construed to establish a relationship of servant, employee, partnership, association, or joint venture between the Parties. Neither Party shall bind or attempt to bind the other to any contract, warranty, covenant or undertaking of any nature whatsoever unless previously specifically authorized in writing in each instance.

8.2 It is understood and agreed that Contractor is an independent contractor of the University, and not an employee. Except as set forth in this Contract, the University will not withhold income taxes, social security or any other sums from the payments made to Contractor hereunder. All employees or contractors of Contractor shall in no way be considered employees of the University, but rather they shall be employees or contractors of Contractor, and Contractor shall bear full responsibility for compensating those persons and for the performance of the Services by way of them.

8.3 Each Party reserves the right to review all press releases or other public communications of the other Party that may affect the Party’s public image, programs or operations.

9. **DISTRIBUTION OF RISK**

9.1 Contractor shall maintain in full force and effect adequate insurance coverage to protect against the risks associated with the performance of Services under this Contract. Contractor shall also maintain in full force and effect workers’ compensation insurance as required by the laws of the jurisdiction the Services are performed. Upon request, Contractor shall provide the University with evidence of such insurance.

9.2 Contractor shall indemnify and hold harmless the University and the State of Maryland, their officers, employees, and agents, from any and all costs (including without limitation reasonable attorneys’ costs and cost of suit), liabilities, claims, or demands arising out of or related to Contractor’s performance under this Contract. The University agrees to notify Contractor promptly of any known liabilities, claims, or demands against the University for which Contractor is responsible hereunder, and Contractor agrees to, at UMUC’s request, defend the University or settle any such liabilities, claims, or demands.
9.3 Neither Party shall be liable to the other for indirect, consequential, incidental, punitive, exemplary, or special damages, or losses, including without limitation lost profits and opportunity costs.

10. **GENERAL TERMS AND CONDITIONS**

10.1 **Termination for Default.** If the Contractor fails to fulfill its obligation under this Contract properly and on time, or otherwise violates any provision of the Contract, the University may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. The University will provide Contractor a reasonable opportunity, not to exceed 10 business days, to cure the act or omission, provided such opportunity to cure does not extend the deadline for any deliverables and does not cause the University further damage. All finished or unfinished work provided by the Contractor, to which the University is entitled pursuant to this Contract shall become the University's property. The University shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the University can affirmatively collect damages. Termination hereunder, including the determination of the rights and obligations of the Parties, shall be governed by the provisions of USM Procurement Policies and Procedures.

10.2 **Termination for Convenience.** The performance of work under this Contract may be terminated by the University in accordance with this clause in whole, or from time to time in part, whenever the University shall determine that such termination is in the best interest of the University. The University will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the Parties, shall be governed by the provisions of the USM Procurement Policies and Procedures.

10.3 **Delays and Extension of Time.** The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract. Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a contract with the State or the University, changes in law or regulation, action by government or other competent authority, fires, earthquakes, floods, epidemics, quarantine restrictions, strikes, freight embargoes, malicious or criminal acts of third parties, or delays of subcontractors or suppliers arising
from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

10.4 Suspension of Work. The Procurement Officer unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the University.

10.5 Subcontracting and Assignment.

10.5.1 The Contractor may not subcontract any portion of the Services provided under this Contract without obtaining the prior written approval of the University nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of UMUC. The University shall not be responsible for the fulfillment of the Contractor’s obligations to subcontractors. Any such subcontract shall be subject to any terms and conditions that UMUC deems necessary to protect its interests. Contractor shall remain responsible for performance of all Services under this Contract, and shall be subject to liability to the University for acts and omissions of subcontractors.

10.5.2 Neither Party may assign this Contract without the prior written consent of the other Party, which consent shall not be unreasonably withheld, except that Contractor may assign this Contract to any parent, subsidiary, affiliate or purchaser of all or substantially all its assets with notice to the University. Contractor may designate a third Party to receive payment without the University’s prior written consent unless in conflict with Maryland or federal law, but shall provide the University with notification thereof.

10.6 Maryland Law Prevails. The laws of the State of Maryland shall govern the interpretation and enforcement of this Contract.

10.7 Contract Integration and Modification. This Contract and the documents incorporated herein form the entire agreement of the Parties with respect to the subject matter of this procurement, and supersede all prior negotiations, agreements and understandings with respect thereto. This Contract may be amended with the written consent of both Parties. Amendments may not significantly change the scope of the Contract.

10.8 No Third Party Beneficiaries. This Agreement is only for the benefit of the undersigned Parties and their permitted successors and assigns. No one shall be deemed to be a third party beneficiary of this Agreement.

10.9 Notices. Notices under this Contract will be written and will be considered effective upon personal delivery to the person addressed or five (5) calendar days after deposit in any U.S. mailbox, first class (registered or certified) and addressed to the other Party as follows:

11.9 Under Title 18, State and Finance Procurement Article, Annotated Code of Maryland, if the Commissioner determines that the Contractor/Subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/Subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of $20 per day for each employee paid less than the Living Wage.

APPENDIX S

SOLICITATION TERMS AND CONDITIONS

This solicitation and any subsequent award are further subject to:

1. **Contractor’s/Offeror’s Responsibility.**
   Offerors are advised to read the requirements very carefully to ensure that each requirement is understood. If in doubt, develop and submit applicable questions in writing to the contact at the Issuing Office. An Offeror’s misinterpretation of requirements shall not relieve the Offeror of the responsibility to address accurately the requirements of the RFP or to perform the Contract, if awarded. UMUC will enter into a contractual agreement with the selected Contractor(s) only. The selected Contractor(s) shall be solely responsible for all services as required by this RFP. Subcontractors, if any, will be the responsibility of the Contractor(s) and the role of subcontractors must be clearly identified in the proposal. The use of a subcontractor(s) does not relieve the Contractor(s) of liability under a Contract.

2. **Rejection or Acceptance of Proposals.**
   The University reserves the right to: (i) accept or reject any and all proposals, in whole or in part; (ii) to waive minor irregularities; and (iii) to negotiate in any manner necessary to best serve the interests of the University. Further, the University reserves the right to make a whole award, multiple awards, a partial award, or no award at all. Offerors judged by the Procurement Officer not to be responsible or Offerors whose Proposals are classified as not reasonably susceptible of being selected for award shall be so notified. The University reserves the right to increase or decrease the quantities of any materials, equipment, supplies or services.

3. **Cancellation of the RFP.**
   UMUC may cancel this RFP, in whole or in part, at any time.

4. **Incurred Expenses.**
   Neither UMUC nor the State of Maryland is responsible for any expenses that Offerors may incur in preparing and submitting Proposals or in making oral presentations of their Proposals, if required.

5. **Payment.**
   The State of Maryland usually provides payments on a net 30 day basis for UMUC approved invoices. Payment provisions shall be in arrears, with late payment and interest calculated as provided by Maryland law. For purposes of determining whether a prompt-payment discount, if applicable, may be taken by UMUC, the starting date of such reckoning period shall be the later of the date of a properly executed invoice or the date of completion of service and/or delivery of product.
6. **Electronic Funds Transfer (“EFT”).**

By submitting a Proposal, the Offeror agrees to accept payment by electronic funds transfer unless the State Comptroller’s Office grants an exemption. The selected Contractor shall register using the form attached as Appendix D, the GAD X-10 Contractor EFT Registration Request Form. This form is to be submitted directly to the State Comptroller’s Office at the address specified on the GAD X-10 form and must include the business identification information as stated on the form and include the reason for the exemption.

7. **Confidentiality.**

7.1. **UMUC’s Information during the Procurement Process:** The selected Contractor may have access to, may obtain, or be given confidential information, including without limitation information concerning the University’s business strategies, political and legislative affairs, students, faculty, employees, vendors, contractors, customer lists, finances, properties, methods of operation, computer and telecommunication systems, and software and documentation. Certain confidential information may be protected under the Family Educational Rights and Privacy Act (“FERPA”), the Gramm-Leach-Bliley Act, and the Maryland Public Information Act. The selected Contractor must have administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of the University’s confidential information. UMUC may conduct discussions with Offerors in order to evaluate their abilities and responsiveness to the RFP. In order to facilitate the discussions and to allow Offerors to propose responsive solutions to UMUC’s needs and requirements, UMUC is willing to disclose certain confidential information to Offerors, including without limitation information concerning UMUC’s business strategies, political and legislative affairs, students, employees, vendors, contractors, customer lists, finances, properties, methods of operation, computer and telecommunications systems, and software and documentation (“Confidential Information”). By submitting a proposal in response to this RFP, Offerors agree: (i) to use Confidential Information solely for purposes of responding to and discussing the RFP; and (ii) not to disclose, permit or cause use of, or provide access to Confidential Information to any third person or entity. Upon request by UMUC, Offerors may be required to sign a Non-Disclosure Agreement.

7.2. **Offeror’s Information:** Offerors should give specific attention to the identification of those portions of the Proposal that the Offeror deems to be confidential, proprietary information, or trade secrets and provide any justification why such materials, upon request, should not be disclosed by the State under the Access to Public Records Act, State Government Article, Title 10, Subtitle 6, Annotated Code of Maryland. Offerors are advised that, upon request for this information from a third Party, the Procurement Officer is required to make an independent determination as to whether the information may or may not be disclosed to the requesting Party. That decision will take into consideration the Offeror’s position regarding its Proposal. A blanket statement by an Offeror that its entire Proposal is confidential or proprietary will not be upheld.
8. **Multiple Proposals.**
Contractors may not submit more than one Proposal.

9. **Alternate Solution Proposals.**
Contractors may not submit an alternate to the solution given in this RFP.

10. **Contractor Responsibilities and Use of Subcontractors.**
The University shall enter into contractual agreement with the selected Contractor(s) only. The Contractors(s) shall be responsible for all products and/or services required by this RFP. UMUC will not consider Proposals that reflect primary and secondary service providers or a prime/subcontractor relationship. There should be proof of ability of the primary to manage a subcontractor and successfully coordinate the delivery of quality service and support in a timely manner. Subcontractors, if any, shall be identified and a complete description of their role relative to the proposal shall be included. UMUC’s intent is not to direct the use of any particular subcontractor, however, the Contractor may not contract with any such proposed person or entity to whom UMUC has a reasonable objection. Notification of such objection will be made by UMUC within fifteen (15) days of Contract. The Contractor shall be fully responsible for the acts and omissions of its subcontractors and of persons directly or indirectly employed by them. The use of subcontractors does not relieve the Contractor of liability.

11. **Access to Contractor Records for Quality Assurance and Auditing Purposes.**
The Contractor and its principal subcontractors must provide access to pertinent records by University personnel or its representatives (including internal auditors, external auditors, representatives, and agents) to provide quality assurance and auditing.

12. **Arrearages.**
By submitting a Proposal, an Offeror shall be deemed to represent that it is not in arrears in the payment of any obligation due and owing the State of Maryland, including the payment of taxes and employee benefits and that it shall not become so in arrears during the term of the Contract if selected for Contract Award.

13. **Taxes.**
UMUC is exempt from Federal Excise Taxes, Maryland Sales and Use Taxes, and District of Columbia Sales Taxes and Transportation Taxes, except as noted in applicable sections of COMAR. Exemption Certificates shall be provided upon request. In the instance a Contractor is required to furnish and install material in the construction or improvement of real property in performance of a Contract, the Contractor shall pay the Maryland Sales Tax and the exemption will not apply.

14. **RFP Response Materials.**
All written materials submitted in response to this RFP become the property of UMUC and may be appended to any formal documentation that would further define or expand the contractual relationship between UMUC and the Contractor(s).
15. **Maryland Public Ethics Law, Title 15.**

The Maryland Public Ethics Law prohibits, among other things, State employees or officials (and in some cases, former employees) and businesses in which such an individual is employed or holds a financial interest from: (i) submitting a bid or proposal; (ii) negotiating a contract; and (iii) entering into a contract with the governmental unit with which the individual is affiliated per the Maryland Code Annotated, State Government Article, § 15-502.

If the Offeror has any questions concerning application of the State Ethics law to the Offeror's participation in this procurement, it is incumbent upon the Offeror to seek advice from the State Ethics Commission: The Office of The Executive Director, State Ethics Commission, 9 State Circle, Suite 200, Annapolis, Maryland 21401. For questions regarding the applicability of this provision of the Public Ethics Law, call the State Ethics Commission’s toll-free phone number, 877-669-6085, or see the website, [http://ethics.gov.state.md.us/pages/home.htm](http://ethics.gov.state.md.us/pages/home.htm). The Procurement Officer may refer any issue raised by a Proposal to the State Ethics Commission. The Procurement Officer may require the Offeror to obtain advice from the State Ethics Commission and may reject a Proposal that would result in a violation of the Ethics law.

A resulting Contract is cancelable in the event of a violation of the Maryland Public Ethics Law by a Contractor or any State of Maryland employee in connection with this procurement.

16. **Assistance in Drafting.**

Under the State Government Article, § 15-508 of the Annotated Code of Maryland, an individual or person who employs an individual who assists an executive unit in drafting specifications, an invitation for bids, a request for proposals for a procurement, or the selection or award made in response to an invitation for bids or request for proposals may not submit a bid or proposal for that procurement or assist or represent another person, directly or indirectly, who is submitting a bid or proposal for that procurement. For questions regarding the applicability of this provision of the Public Ethics Law, call the State Ethics Commission’s toll-free phone number, 877-669-6085, or see the website, [http://ethics.gov.state.md.us/pages/home.htm](http://ethics.gov.state.md.us/pages/home.htm).

17. **Addenda Acknowledgment.**

Offerors must acknowledge in writing the receipt of any and all addenda, amendments, and/or changes issued. Such acknowledgement must be included in the Technical Proposal.

18. **Duration of Offers.**

Proposals (consisting of a Technical Proposal and, if applicable, a Price Proposal) shall remain irrevocable for 120 days following the closing date of the Price Proposal due date. This period may be extended by mutual agreement between the Offeror and the University.
19. **Minority Business Enterprises.**
Minority Business Enterprises (MBEs) are strongly encouraged to respond to this solicitation notice. If a sub-contracting goal and/or subgoals has been set in Section I of the solicitation, refer to Appendix M for further information regarding required process and documentation.

20. **Living Wage Requirements.**
A solicitation for services under a State contract valued at $100,000 or more may be subject to Maryland’s Living Wage requirement, located at Maryland Code Annotated, State Finance and Procurement Article, Title 18, §§ 18-101 through 18-109. Additional information regarding the Living Wage requirement is contained in Appendix E, if applicable to this solicitation. An Offeror that fails to submit and complete the Affidavit of Agreement contained in Appendix E, if applicable, may be deemed not responsible by the Issuing Office.

21. **Conflict of Interest.**
The Contractor awarded the Contract shall provide the specified services for UMUC, and must do so impartially, and without any conflicts of interest. If the Procurement Officer makes a determination that facts or circumstances exist that give rise to or could in the future give rise to a conflict of interest within the meaning of COMAR 21.05.08.08A, the Procurement Officer may reject a Contractor’s Proposal under COMAR 21.06.02.03B. Contractors should be aware that the State Ethics Law, State Government 15-508, might limit the selected Contractor’s ability to participate in future related procurements, depending upon specific circumstances. Refer to Paragraphs 15 and 16 above. By submitting a response to the solicitation, the Contractor affirms its understanding and compliance with this clause.
